The story of the Farm Village is a miraculous one. Two years of searching for the right property. Raising funds for a place we hadn't found yet. Finding something completely out of our price range. And then seeing the owner drop the price by millions of dollars so we could acquire it.

This isn't just our story. It's your story. The entire Wild + Free community came together to make this dream possible. Now it's ours to steward for the next generation of families.

Since acquiring the Farm Village last year, we've painted and repaired the lodge, remodeled the Forest Cabin, built a mountaintop fire tower, and hosted several retreats and family festivals.

This is a place where families are brought closer together, mothers and fathers are strengthened and encouraged in their roles, and children are given the space to run wild and free.

After being shut-down by the pandemic, we lost all of our revenue for an entire season. It was a huge setback, but we don't believe for an instant that we were brought all this way for nothing. We have big dreams for the Farm Village and are inviting you to be a part of the next chapter.

We created this catalog to cast vision for the Farm Village and share how you can help bring some important projects to life. In exchange for your support, we've put together some fun giving perks as a token of gratitude. Will you help us raise the needed funds by December 31st?

You can donate online at bewildandfree.org/christmas.

The miraculous story of the Farm Village is not over. In fact, it's just beginning. This property will continue to be a place for people to gather. Children will make unforgettable memories on these creekbanks and hillsides. And families will be impacted for generations to come.

Merry Christmas to you and yours!

Lift up Mothers

At Wild + Free, it all started with the mamas. We bring them together for week-end retreats and lavish them with encouragement, good food, and deep friendships. We want to make the Lodge a comfortable respite where mothers can be filled up for the homeschool journey ahead.

Restore what's been Lost

The road in front of the Farm Village was laid upon the dirt tracks from wagon ruts. This is the land of early settlers who tamed this place and built bright futures for their families. We don't know who built the Spring Cabin on our property, but we can honor their sacrifice and restore their work by turning this log cabin into a comfortable place to stay and house our staff.

Build up Fathers

Wild + Free started as a community for mothers. But we like to say it's the greatest movement of supportive homeschool fathers in the world. This community of men is growing as we come together to complete audacious projects at the Farm Village. Your support will help host, nourish, and equip these guys as they bond over work, meals, and brotherhood.

Dream of the Future

The Wild + Free Lodge was built by a notable psychiatrist who sparked the modern hospice-care moment and then gave the property to a youth camp, which ran the place for 30 years. The building has seen better days, but we have dreams of transforming it into a farm-inspired lodge with an improved entrance, open-air lobby, and private family suites.

Giving Perks

In gratitude for your support of the Wild + Free Farm Village, we've put together a few perks for various giving levels. We know you're not giving to get something in return, and we couldn't reach our goal by offering fair market value for these items. But we wanted to show our appreciation for your generosity toward the Farm Village this holiday season. These perks will be sent to you by the end of January. Items may vary from photos.
